Inclement Weather Schedule Changes - January 9 & January 10, 2025

This is an update from Republic Trash Services.

Hello all, you may have heard by now an ice storm is approaching so we are taking measures to get as much trash picked up as possible before it gets here.

For our Thursday routes, we will begin to pick up an hour early. This may cause a few that wait at the last minute to not have it out but in most cities the citizens leave the carts out all week, and most do put the trash out the night before.

We will decide at 4 a.m. Friday concerning Friday routes depending on how bad the streets are and will get the word to you as quickly as possible. Please stay safe. We do everything possible to not cancel routes.

Thank you for understanding.
